Continuing Education Units

*This program, co-sponsored by the Delaware Psychological Association (DPA), has been approved for 3.5 CE credits. The DPA is approved by the American Psychological Association to sponsor continuing education for psychologists. DPA maintains responsibility for this program and its content. Those who attend the workshop and complete the APA evaluation form will receive 3.5 CE units. Please note that APA CE rules require that we only give credit to those who attend the entire workshop. Those arriving more than 15 minutes after the scheduled start time or leaving before the workshop is completed will not be eligible to receive CE units. Learning objectives may be obtained prior to the program by contacting Leah Cochran at 302-781-3224.

Other licensed professionals may submit copies of attendance certificates to their licensing boards. Attendance certificates will be available for all.

CE units are available at no cost to DPBHS-employed psychologists.

If you are a psychologist who is NOT a DSCYF employee but who would like to receive DPA CE units for this conference, please send a check for \$17.50 payable to the State of Delaware Treasurer to:

Using Parent-Child Interaction Therapy with Young Children and Families in Child Welfare

Robin Gurwitch, Ph.D.

Dr. Gurwitch specializes in improving the understanding of and response to children with child traumatic stress. She is a leading trainer on Parent-Child Interaction Therapy (PCIT)** at the University of Oklahoma Health Sciences Center with extensive experience using and training others to use PCIT, including how to work with children with

(continued)

challenging behaviors in child welfare systems.

She is a Professor and Program Coordinator of the National Center for School Crisis and Bereavement at Cincinnati Children's Hospital Medical Center and a licensed psychologist and Marriage and Family Therapist. She is a Fellow in the American Psychological Association. She has authored numerous articles on PCIT and is a leading trainer in the nation. **(*DPA approved presentation)**

****PCIT is listed on the U.S. Substance Abuse and Mental Health Services Administration's National Registry of Evidence-based Programs and Practices (NREPP).**

11:30 am **Luncheon**

12:30 pm **The Family Experience**

Young children with social, emotional and behavioral challenges and their parents, caregivers or foster parents are the focus population of the young child mental health system of care that is being developed through the Division of Prevention and Behavioral Health Services' *Delaware's B.E.S.T. for Young Children and Their Families* initiative and its providers and community partners. This is an opportunity to hear from parents and caregivers about the value and meaning of the services they receive.
